Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

MERE CONJECTURE.

The Fate of The Ten Lost Tribes of Israel.

Mr. Editor—In the midst of the all absorbing subject of politics I must beg pardon for what may be a digression by way of reference to a small clipping that is going the rounds of the press, and accredited to the "Bible Baptists." A portion of this clipping reads as follows:

"That the lost Ten Tribes of Israel are found in the Anglo-Saxon stock of England and America is clear from every point of reckoning. The British Bullock of Palestine finds its counterpart in John Bull."

Doubtless the foregoing finds ready acceptance among that class of Christians who never stop to ask why, but who accept statements made by preachers and religious papers even without mental question. The fact that a preacher said so, or that it appeared in the columns of a church paper usually settles the matter from the beginning.

It is a beautiful picture to the man who allows the preacher and his church paper to do all his thinking for him, to be informed that he is a descendant of Abraham, Isaac and Jacob, consequently something like a seven hundred millionth cousin of Christ himself; but in the face of the history of the human race the theory advanced by the "Bible Baptists" is literally and absolutely untrue.

If accepted history teaches us anything it is that the Anglo-Saxon is a member of that branch of the human race comprising the Aryan nations, while the Hebrews certainly belong to the Semitic nations of the earth. A wide distinction, surely. Thus it is, that while the fate of the Ten Lost Tribes of Israel is mere conjecture, their origin and place in the great family of mankind is known to all students of history.

The only argument that "Bible Baptists" advance in support of the statement is found in the "identifying earmarks" discovered by "Bible Baptists." Mr. Darwin claims to have discovered "identifying earmarks" of the monkey in some men, and it may be that Mr. Darwin is or was personally acquainted with "Bible Baptists."

The man that believes such twaddle as quoted from "Bible Baptists" would believe that Jonah swallowed the whale, if his church paper or his preacher said so. L. C. Phillips.

THE SPEAKING THIS AFTERNOON.

Hon. Jas. H. Pou Speaks to a Large Crowd at Banner Warehouse.

A big crowd gathered at the Banner warehouse this afternoon to hear Hon. Jas. H. Pou, of Raleigh, discuss the issues of the day.

The speaker was introduced by D. Schenck, Jr., in a short but pleasant and complimentary speech.

Mr. Pou arose amid a wave of applause and began in his soft, easy style to lay bare some of the effects of fusion rule. He told in brilliant language of the conditions in the east where the negro holds office of all degrees of importance from congressman to magistrate and constable. He urged the white people, irrespective of party to come together under the name of White Men and throw off the yoke of negro domination that now burdens the east.

We have not space to give even a brief synopsis of the speech. It was a powerful, original and telling effort and one that will do much good.

The greater part of the audience were farmers, who cannot come to the speaking at night, and some of whom perhaps had not before heard the issues so ably discussed and all seemed to take great interest in the speech and led in the applause.

Splendid music was furnished before and after the speaking by the Archdale Cornet Band.

Bird Law Out Yesterday.

The North Carolina bird law was out yesterday and had one not been informed of it he could readily have recognized the fact this morning. Men with their hunting jackets and leggins on, carrying guns and leading one or more frisky bird dogs, were quite conspicuous on the streets. One party of bird-hungry hunters went down in the McLeansville section this morning on the 8:50 train and will return this afternoon—with what, remains to be seen.

THE WHITE REPUBLICANS

Are Only Tally Marks for the Negroes.

FOUR NEGROES, ONE WHITE MAN.

Can Any Self-Respecting White Man Read the Following and Still Remain a Fusionist?

Greensboro Telegram: I see in the Davidson County News, the following statement: "Dr. L. I. Bodenheimer, of High Point, FORCED Bob Glenn to acknowledge that he used a negro in his office to typewrite for him."

The white men of North Carolina are not opposed to hiring negroes to work at any kind of work outside or inside of their private offices. To do this, and to appoint or elect negroes as office-holders or owners of offices of trust or honor is quite a different thing. In Bob Glenn's case the negro was a white man's hired servant. In the fusion appointments or election of negroes to offices of trust and honor, makes the white the negro's legal servant. Can the Davidson County News see the difference? If he cannot see the difference, then I wonder if he can smell any difference? If not, he must have nasal catarrh, and "all coons look alike and smell alike to him."

I deny that Bob Glenn needed any forcing. He says nothing nor does nothing that he is not willing to repeat if necessary. Lieut. Russell (Reynolds) charged upon Bob Glenn in such a way as to make the impression that Glenn appointed a typewriter under him while Glenn was district attorney, and said typewriter was a negro, and I wrote Glenn to know the facts in the charge, and Glenn promptly answered my letter stating that the negro boy was one that Mr. Manly's mother had raised, and that the law firm of Glenn & Manly hired the boy to do menial service, such as sweeping the office, carry out spittoons, build fires, carry water, black boots, etc., and some one had learned the boy to typewrite, and the firm had him to answer some of their private business letters—as a servant. This is the substance of Glenn's letter to me.

I told a prominent republican in this town what Bob said in his letter, and he replied that "if Glenn even hired and allowed a 'damned negro' to typewrite his private letters, that Glenn should be kicked out of the county; or, any white man who even allowed a negro to clerk in a store, or elsewhere, ought to be kicked out of the county." Yet this same anti-negro republican has an interest in a business where a negro acts as clerk, and in nearly any capacity of the proprietor; and yet he, like many other anti-negro republicans, will vote for the men who have and would, if elected, put negroes in office to supersede white men!

But there are thousands of anti-negro republicans who are honest republicans on national issues, but who want "White Supremacy" in their beloved state, and know that the only protection of North Carolina women and children from negro domination, outrage, disgrace and ruin, is in voting with the democrats of this State, and such are not going to be bulldozed from their honest patriotic convictions, neither by lies nor threats of federal troops. They know full well that they can vote for white Anglo-Saxon rule without sacrificing one inch of true republican principles. To deny this statement is to acknowledge that no man can be a republican who opposes by his vote negro rule in his State or county; and, as this contest is not a contest between democracy, republicanism and populism on tariff, high or low, nor upon silver or gold, single or double standard, but is an issue apart from any former issue, and is of much greater importance than any or all issues ever before presented to the white people of North Carolina. It is an issue that is forced upon the white men of North Carolina; upon democrats, republicans, populists and prohibitionists alike, who are alike interested in good government and "White Supremacy."

So I may say alike to every white voter in North Carolina, regardless of your present or former political affiliations, who prefers to live under a white man's government to that of a negro government, it is your cause as well as mine; then, let us call it OUR fight, remembering all former party lines of republicans, populists, and democrats are now lost in the great white line that proceeds from the "great white throne." This is the dividing line between the Anglo-Saxon of this State and the African here.

THE DANVILLE FIRE.

Three Tobacco Factories Destroyed Last Night.

Our neighboring city, Danville, suffered a heavy loss by fire last night. It originated from an oil stove in the office of the W. C. Hurt Tobacco Company, destroying their building and contents, and also that of Schofield & Watson. The losses are estimated at about \$80,000, covered by insurance.

Greensboro was telegraphed for help, the alarm turned in here at 5:08 and at 5:35, the special train pulled out carrying one hose wagon and about fifteen hundred feet of hose, and the fire engine, accompanied by Chief Stone and about thirty firemen. The special train was sidetracked at Ruffin to allow the fast mail to pass and was detained there twenty minutes. The running time to Danville, so Chief Stone says, was 55 minutes. Thus it will be seen that in one hour and forty-two minutes from the time the alarm was sounded, the Greensboro boys were unloading their apparatus in Danville.

We give the above explanation because of the following paragraph, copied from this morning's Danville Register:

"At one time the flames looked so threatening, and the wind was so brisk, that it was deemed wise to ask for outside assistance for the department. Accordingly, a telegram was sent to Greensboro, N. C., asking for the dispatch here of an engine and other apparatus. In response a special train arrived several hours later bearing the asked-for apparatus, including an engine."

In a two-column write up of the fire that is the only reference made to the prompt response made by Greensboro to Danville's call for help. "Several hours later" indeed! Barring the 30-minute stop at Ruffin it would be almost impossible to reach Danville quicker if the whole thing was known and arranged beforehand.

The Register does not even give an expression of thanks to the Greensboro boys, which would have been no less than common courtesy had there not been a spark of fire in the city of Danville when the boys arrived in answer to a neighbor's call. No Greensboro paper would have been so derelict toward Danville had the boot been on the other foot.

However, The Telegram takes off its hat to Chief Stone and our other fire boys who were so prompt in answering a neighbor's call of distress.

Mexico City, Nov. 1.—The government is taking measures for carrying out the sanction of the Mexican Gulf ports. Heavy northerly gales along the coast are reported and the health of the coast cities is much improved.

THE PEACE COMMISSION.

Are As Yet Unable to Establish Peace.

COMMENTS OF THE PARIS PRESS

If You'll Do This I'll Do That, And If You Won't I Won't Seem to Be The Attitude of Both Sides.

By Cable to THE TELEGRAM.

Paris, Nov. 1.—French papers derive their news of the work of the peace commissioners from Spanish sources. The comments of the morning papers today are interesting. The Matin says it is understood that the cessation of Porto Rico is tantamount to the payment of the war indemnity in cash, and entirely freed Spain from any subsequent repetition of the subject.

The Spaniards declined to concur in separating the debt from the pledge, and being unable to agree the Spaniards asked the Americans to consider the Philippines first, that question, possibly, offering the Americans an opportunity for tendering some compensation for the enormous sacrifices they have forced upon the conquered. The Americans acceded to this, asking the Spaniards to accept provisionally, the clauses relating to the Cuban debt with the reservation that the acceptance may be withdrawn if there is no agreement reached upon the Philippine question.

MUST FINISH THIS WEEK.

London, Nov. 1.—A Filipino who represented the insurgent general, Aguinaldo, as a delegate in Paris, has just arrived here. He asserts that the American peace commissioners have informed the Spanish that the latter must complete their work this week. He further said he had received a cable from General Aguinaldo denying the reported rupture between himself and the Philippine leaders.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Nov. 1, '98. "Back on the Farm" tomorrow night.

The bird law expired yesterday. We trust that "Bud" Wrenn and "Tinker" Farries, the quail baggers will not be allowed to go in the field until some of the rest of us can have at least one chance.

The most brilliant and patriotic display of true white men that has ever been seen in High Point will be seen here next Monday night Nov. 7th. The democratic club between 400 and 500 strong, together with every other democrat in the township are going to parade the streets with flags and lanterns and two cornet bands. It will be at night so that all the factory men and men from the country (who are especially invited) can take part in the great event. After the parade, several of the best democratic speakers in the state, will address the people in the Anchor warehouse.

If you miss "Back on the Farm" tomorrow night at the opera house, you will miss one of the best comedies ever given here and doubtless one of the best that will be given here this season. This is one of the best comedies on the road. Read what the different papers say about it. Tickets on sale at Mattons drug store.

C. H. Hayworth, while rolling a truck over the tram-way at the Globe Furniture Co. yesterday, fell and broke his arm.

Those two boys, Miller and Merideth, who cut the tires of a bicycle here last Friday, were very lucky indeed upon getting out of it by paying for new tires. Not long since two boys in Winston were put on the county roads for a similar offence.

Don't fail to be present at the meeting of the democratic club tonight at 7 o'clock and to hear Hon. J. H. Pou, of Raleigh, afterwards.

Isn't it strange how a so-called man and paralyzed at that, could sit in his office several blocks away and see hundreds of people going to and from the liquor wagon in Thomasville the day of the big barbecue. From the number of lies that he told in his little "rag" called the Davidson County News, in his article that begins on his editorial page and ends on his first page, we think the sawdust in his cranium must have been paralyzed. When he says that the democratic club of this place was ashamed of the drunkenness and rowdiness and made a denial of it through the Greensboro Telegram, he lies. The club had nothing whatever to do with what was said in our column in the Telegram.

We stated what we did just to prevent any of those hair-brained fools from accusing the club of something that they were not guilty of. The trouble on the way back was among some men of which only one was a member of the democratic club. The negro he has reference to in a scrap with a White Supremacy man, was a member of his gang who tried to tear a democratic club badge off a white man's coat without any words. In the whole we think that News (or Rot it should be called) was badly off its base.

THE "LAST QUARTER."

The political race in North Carolina is narrowing down to a finish. Just one more week and the victory will be won. There are only two horses in the race—the beautiful white horse of democracy and the black steed of republicanism, whose flanks are slightly foam-flecked. This week represents the last quarter in the race. By reason of the election machinery the black horse has the pole; but the gallant white is rapidly gaining.

The grand stand is full of people, and hats, handkerchiefs, etc., are waving, and ringing voices are cheering the emblem of purity. The friends and admirers of the falling black are almost frenzied in their cries, and the driver is everlastingly applying the whip and spur. The dark steed begins to reel and is about to break his pace while the noble white seems to have caught fresh inspiration, and with a steady and majestic reach he is coming down the stretch.

The friends of both claim the victory. Thousands are on their feet and will watch the finish with breathless interest. Which will pass first under the wire? The fate of the commonwealth depends on this race.

The populists of Edgecombe county have taken down their ticket for legislative and county offices, and will vote the democratic ticket. Steady, men, the victory is in sight. Patriotism is rising above pie, and true Anglo-Saxons all over the State are getting together for their common cause.

From New Zealand.

Reefton, New Zealand, Nov. 23, 1896. I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good result they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

A General Muster Out.

The Second Regiment North Carolina Volunteers is to be mustered out today. The Republican-fusionists will be mustered out a week from today.—Charlotte Observer.

THE WHITE REPUBLICANS

Continued from first page.

are called upon to go to the ballot-box, the only peaceable arbitrament, to settle the destiny of your State government for your wives, your daughters, your tender boys, and posterity yet unborn, and to register your name at the ballot box, on the 8th of November, among the noble Anglo-saxon race, or if you prefer to register your name for negro domination and elevate your name and fame among the African race and a few ignorant, prejudiced whites and a horde of unscrupulous negro pie-hunters, who are sticking to the negro to get the negro to give them a piece of negro-pie as close as a blue leech ever stuck to the calf of a negro's leg to get his blood.

I repeat that the negro in North Carolina is the only republican party of any independent strength, they being 120,000 strong, while their white brethren are only 30,000 strong. Then, if you wish to see the entire republican party in North Carolina, black and white, formed in line, I will muster them out in single file so you can ride along the line and review your present political party that you have the honor to be a member of. And before I go further I will give you a mathematical problem to solve, and I want every white republican to work it out for himself, and as you all know, we always have to divide the greater number by the lesser number, so the black republican number in this state being 120,000, and the white republican number being 30,000, we will divide 120,000 by 30,000, which gives:

30000) 120000 (4 times

which proves we have four negroes to one white man. That constitutes the great general make-up of the republican party in North Carolina. Now, we are ready to form the party in line for a grand charge on the ballot box on the 8th day of November. I will now call the party in line in order: Rally, republicans, rally! I want you to fall in line according to size, number, strength, color and importance. Fall in, fall in! Four of you negroes fall in first, next, one of you little white men! Fall in, fall in! Next, four more of you negroes—fall in, fall in, gentlemen!—next, one of you ignorant white men—fall in, fall in—next—four of you burly negroes—fall in, fall in—next, one of you white prejudiced fools—fall in, fall in line!—next, four of you good-smelling negroes—fall in line, fall in, fall in—next, one of you rotten-hearted, sorry, negro-pie-hunting traitors to your race, to Anglo-saxon glory, to white supremacy—fall in, fall in line, we want you for a cat's paw, to do the dirty work for us negroes, that a decent negro can't afford to do. We negroes cannot respect you because we know that a white man that has no respect for his race and color is unworthy of the respect of an intelligent negro; but we will give you a slice of pie not because we respect you, but because we can use you to our advantage, to plot, lie, and steal political pie for us. We also know that your services along this line deceives the ignorant, inflames the prejudice and feeds the meanness of enough white fools to keep the democrats out of power, and if we negroes succeed in the coming election we will fix up things so we negroes can and will be able to take full control of North Carolina, and as soon as that desired object is accomplished, you white tools will have to look out for a job elsewhere, for when a carpenter finishes his job he has no further use for his tools till he finds another job.

Thus you see four negroes and one white man strung into line until you have 150,000 men, constituting the entire republican party of North Carolina. Now, every white republican stands in this line, with four negroes on his right hand and four on his left, so the white republican is the tally mark for the great negro republican party.

I defy any contradiction of the statements or arraignments set forth in this article, and no truthful, well-informed republican will attempt to deny those figures.

Then, it is a mathematical truth that every white republican that is elected on the state ticket by the republican party is the representative of four negroes and one white man.

Then if the white republican pie eaters is the choice of the negroes and they elect him to eat pie, is he not the negro's pie eater? So if the negroes elect or employ a white man and a negro to eat their pie, what is the difference, so the pie is eaten by the negroes pie eaters, they both belong to the negro, by virtue of his plurality and superiority. I will admit that the democratic party has made one false charge on the negroes and that is that they were sticking to the white republicans in order to get pie of their white brethren, but that charge is as false and illogical as to say that the Pilot Mountain was sticking to a potato hill, because the mountain is so much larger than the potato hill, but to say that the potato hill was sticking to the mountain would be a logical truth, in like manner to say that the little white republican potato hill of 30,000 were sticking to the great black negro

mountain of 120,000, is a logical political truth. So it is the little hungry white man that is sticking to the great big fat negro, begging him for a slice of good, sweet negro pie. I request every white republican to read this chapter by sunrise on the morning of the 8th of Nov. and go to prayer and then go to the polls and if you can then vote the negro ticket, may God have mercy on your souls and specially on your stomachs. The Davidson County News heralds his venom at the High Point democratic club at Thomasville at the barbecue and brands them as a band of disgraceful drunkards and out-laws. Will the editor be informed that there are between 400 and 500 members belonging to the High Point club. The club is made up of the best citizens of this city and equal to any in any city, village or county for order, sobriety, good morals and christianity, and if the same club had gone to Thomasville to celebrate the fusion negro ticket, no doubt but the same papers would have said they were the noblest club ever visited Thomasville. This club is pledged for White Supremacy and is composed of democrats, white republicans and populists, who as true patriots have come to the democratic ticket to help them in a special job and that is to break the iron yoke of fusion negro domination in every county in the Old North State, and with the help of God and the white patriotic help of republicans and populists, we intend on the 8th of November to bury negro rule in the good Old North State, so help us, God.

And this we intend to do peaceably without the help, or fear of Federal troops. To the loyal patriotic citizens of North Carolina, we appeal without regard to party affiliations, in their manhood we confide, in their personal and state pride, their love and devotion to their families and friends we firmly believe in, and look for a legal peaceable and triumphant victory over fusion negro domination in North Carolina. Go to the poles, go sober, go quiet, go praying, remember that "the battle is not to the strong, nor the race to the swift, for the Kings earth is in the hands of the Lord, and as the rivers of water he turneth it whither so ever he will." Your political enemies will try to provoke a riot on the day of election, so as to ride back in power on their favorite cry of intimidation. But give them no excuse, bear all things, let them be ever so false and trying. Let every white man do his legal duty and victory is sure. L. I. Bodenheimer.

Overcome evil with good. Overcome your coughs and colds with One Minute Cough Cure. It is so good children cry for it. It cures croup, bronchitis, pneumonia, grippe, and all throat and lung diseases. Howard Gardner.

Courageous—The small boy who isn't afraid of the school teacher.

The greatest luxury to this century is R. A. Patterson's Lucky Strike plug and cut-pug for smoking and chewing. For sale by all tobacco stores, drug stores and hotels in this city.

But few people worry themselves to death because of other people's hatred.

A cough is not like a fever. It does not have to run a certain course. Cure it quickly and effectually with One Minute Cough Cure, the best remedy for all ages and for the most severe cases. We recommend it because its good. Howard Gardner.

A Sure Sign of Croup. Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by, C. E. Holton.

Constipation prevents the body from ridding itself of waste matter. De Witt's Little Early Risers will remove the trouble and cure Sick Headache, Biliousness, Inactive Liver and clear the complexion. Small, sugar coated, do not gripe or cause nausea. Howard Gardner.

Some men tire themselves almost to death in trying to avoid the tire brought on by labor.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and \$1.00. Every bottle guaranteed.

No Cure—No Pay.

That is the way all druggists sell Grovo's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

Major W. A. Guthrie, who has begun a canvass of the state for white supremacy, got 31,932 votes in 1896, as the populist nominee for governor. The bulk of this vote was for him in 1896 will be with him in 1898.

Late to bed and early to rise, prepares a man for his home in the skies. But early to bed and a Little Early Riser, the pill that makes life longer and better and wiser. Howard Gardner.

Imaginative—Some writers who boast of the proceeds derived from their work.

When you ask for De Witt's Witch Hazel Salve don't accept a counterfeit or imitation. There are more cases of Piles being cured by this, than all others combined. Howard Gardner.

Air-ships will only add to the troubles of mankind. Every time a man starts on a flying trip he will worry about how he will land.

Uncle Sam wants Cuba, Porto Rico and the Philippines, but what the American people desire above all and will have is "Grape" sun-cured tobacco.

The Huge Gun Carriage.

Cleveland, Oct. 31.—The huge disappearing gun carriage was tested successfully today.

Yellow Jaundice Cured

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours. M. A. Hogarty, Lexington, Ky." Sold by C. E. Holton, druggist.

The Best Plaster.

A piece of flannel dampened with
Chamberlain's Pain Balm and bound
on to the affected parts is superior to
any plaster. When troubled with a
pain in the chest or side, or a lame
back, give it a trial. You are certain
to be more than pleased with the
relief which it affords. Pain Balm is
also a certain cure for rheumatism.

DEAR LITTLE CHILDREN:

My loving old heart was touched this morning when I observed your red little fingers as you lugged your books and lunch baskets on your way to school. I was a child once, many, many years ago, and seeing your discomforts carried me hurriedly back over the long years of my life to the days when I was a little girl. But I did not suffer with cold fingers, for the reason that my old grand mother knitted and kept me supplied with a bright colored pair of warm, all wool mittens. You, dear child, possibly haven't any old grand mother; or if you have, she in all probability hasn't the time to knit them for you.

For these reasons I have bothered myself with your interests and have found at my old friend's, Matthews, Chisholm, Stroud & Rankin, a full supply of all wool, warm, and nicely knitted mittens, in any color that you may desire, and all they cost is 25 cents per pair.

Tell your mothers and have them secure you a pair before they are all gone.

From your loving
AUNT MARY.

The Social Standing

of most men is much higher than the sum of their income. To such men it must be good news to learn that they do not have to pinch themselves in order that they may pay the extravagant tailor's bills. We sell perfectly fitting clothes for business, semi-dress or full dress occasions of unquestionable style and superb qualities at prices which permit the saving of almost half tailor's bills. Our best clothes are made by the famous New York tailors, Messrs. Feuchelner, Fishel & Co., whose label on every garment is a guarantee that the clothes are equal to "custom made" in every particular. Therefore, whether it is a sack suit, a cutaway or a Prince Albert frock, a pair of trousers, a top coat or an overcoat that you need, do yourself the justice to at least see our offerings—and then go to your tailor if you like—but you won't.
